Dear Parent

The Mathematics Faculty are delighted to once again offer the opportunity for students currently in years 9 and 10 to visit Paris next year to enhance their appreciation of mathematics in the real world.

The trip will depart on Friday 9th February and return on Monday 12th February 2024. During the trip, students will discover the beauty of mathematics through a wide range of enrichment activities. They will learn how mathematics influences the design of a theme park by visiting Disneyland Paris. Students will look at the architecture and engineering of the city's key landmarks including the Arc de Triomphe, The Louvre and a stop off to visit the Eiffel Tower during a tour of the city. This trip will have many cross-curricular links with French, Science, Design & Technology, Art and Geography.

Based on 55 students the cost of the visit is £575.00. This is a first come first served trip. The school reserve the right to allow student access to the trip based on conduct in school. Those found to be in breach of the Student Expectations may have their place on the trip revoked with a full refund given.

The trip includes executive coach travel to Paris including ferry crossings, 3 night's accommodation at the Disney partner hotel, B&B Hotel, entrance to both Disneyland parks, the Eiffel Tower, the Louvre, Arc De Triomphe and a Seine river cruise, all on a half board basis. Insurance and a personalised hoodie is also included. It does not, however, include pocket money, lunches or meals en route. **ALL students will require their own passport with at least 6 months left after the date of departure.**
