Every effort has been made to arrange the subjects into columns that give the greatest number of sensible combinations. In December Year 9 students were asked to indicate their possible choices to aid in the construction of these columns. However, it may not be possible to set up a teaching group for a subject in a particular column if too few students choose it. Conversely, numbers may have to be restricted for safety or resource reasons if there is a large demand for a certain subject. Students will be added to option groups as forms are submitted to the school reception; all students are therefore asked to submit, with a reserve choice, when ready. In the very small number of cases where we have to use these, we will notify you so that there can be further discussion, if required.
