

School Uniform Policy

Overview

Ensuring students attend school dressed smartly in school uniform is the foundation for high standards in other aspects of school life, including a positive work ethic and conduct in and around school. The school uniform at MCS was co-designed by students, families, staff, governors and others. It is an indication of belonging to our school community, and furthermore acts as an identifier for safeguarding purposes.

We understand that for families, purchasing uniform and ensuring a child arrives at school dressed appropriately can be a stressful time. Our uniform guide is designed to support families with the process by outlining our expectations, which in turn will help families understand what is expected of their child when the academic year begins in September.

Our intention is to ensure that students look smart, but not at undue expense for families. We have ensured as a school that the cost of our uniform is both affordable and of good quality. Although all items apart from the school tie can either be purchased from our supplier or other retailers such as supermarkets, we are confident that items such as the branded blazer represent excellent value compared to generic alternatives that are available.

We hope this uniform guide provides both students and families with clarity around our uniform expectations. We have the highest expectations of our students and throughout the academic year, students should expect to be challenged by staff where they fail to meet our expectations with regard to school uniform.

The school retains a selection of shoes, ties, blazers, trousers and skirts in our *Ready To Learn* provision. Where a pupil fails to attend school in the correct uniform, they will be required to exchange the item and borrow our uniform. Therefore, we really appreciate your support in advance by checking that your child is dressed appropriately for school.

The school reserves the right to confiscate any items (for example, hoodies and inappropriate jewellery) that do not conform to the school's expectations with regards to uniform. These items will be stored safely and returned to the individual at an appropriate time by a designated member of staff.

Grants to support families with the purchase of school uniform are available on an annual basis. Please click [this link](#) for further information.

Additional notes

No single Uniform Policy can guarantee to cover every possible eventuality, and MCS reserves the right to use professional judgement to determine what is or is not appropriate uniform.

Refusal to meet uniform expectations or refusal to accept the support of Ready To Learn will be treated under the Behaviour Policy as refusal to follow the direction of the School, and sanctions will be applied at the discretion of the School. A student who refuses to wear the correct uniform is likely to be placed in IR in the first instance whilst further decisions are made.

Any medical exceptions require a letter from the hospital or G.P. before any exemptions are made. The Form Tutor or Wellbeing Team should be contacted to discuss any concerns.

This Policy complies with all aspects of relevant statutory guidance.
