

I'm Megan **Jephcote** and I started Monmouth Comprehensive in 2009 where I stayed until 2016 to complete both my GCSEs and A Levels.

After finishing my studies, I went on to the University of Birmingham where I achieved a First Class Honours Degree in Nursing. I am now working my dream job on a Specialist Paediatric and Neonatal Surgical Unit at Great Ormond Street Hospital.

Working through a worldwide pandemic as a newly qualified nurse was a very challenging time, both physically and emotionally however I couldn't be prouder to work for the NHS during this time.

For now, I'm based in London but in the next year who knows, maybe I will continue my studies to do a Masters or even continue my nursing career overseas.

When I look back I can't thank MCS enough for giving me the drive and confidence to work hard to achieve anything I set my mind to and for giving me the knowledge to get me where I am in life today.
