

My name is **Paige Sherwood** and I studied at MCS from 2013-2020.

After completing my A Levels, I joined Bournemouth University to study Psychology and I am about to start the second year of my course.

At the university, I have a paid role as a Peer Assisted Learning Leader where I give support to students starting their first year of Psychology.

I also work in a local small business to fund my life at university. In the future, I aim to get a PGCE to teach psychology to secondary school students.
