

Monmouth Comprehensive School

Priorities 2021-22

Provide a range of opportunities for all students to **accelerate their learning** and achieve their potential.

Plan, pilot and refine our preparations for **Curriculum for Wales** in line with our knowledge-rich approach.

Develop pedagogy and assessment approaches at MCS using an **instructional coaching** model.

Inculcate the sense of MCS as a 'restless' school that **continually seeks improvement** in all areas.

Support the wider **wellbeing** needs of all members of our school community through excellent pastoral care and a dedication to high standards.

Remain deeply committed to being a **fully inclusive school** that is also intensely ambitious for all of our students.
